

Vocation

Desired a job where-
in I could slide from
heavy lifting, spending

time required to work,
if at all, on meanest
trivialities. Oh, and I

wanted to help friends
steal, have them, grate-
ful, kick some back. While

waving flags, and short-
sheeting Jesus. And you.

Wasn't easy to do, but I
became a US Senator.

And you, and yours,
a US Sucker.
